

SEEM Is Here to Help:

- ◆ SEEM employs a team of professionals to help assist you and our students
- ◆ Our **Employment Specialist** will help find the right match between your needs and our student's skills. They may also assist the student with the application and interview process.
- ◆ **Vocational Coordinators** manage the behind-the-scenes details of the job, such as arranging transportation, assigning job coaches, and developing ways to increase student productivity.
- ◆ **SEEM Job Coaches** are available to shadow the students, making sure they are on-task and meeting the demands of the job.

The Community Work Program

At
SEEM
Collaborative

What is the Community Work Program?

- ◆ The Community Work Program provides vocational opportunities for high school students aged 16-22 to learn and practice job skills in real employment settings.
- ◆ Students explore interests and develop skills that will lead to improved opportunities as adults.
- ◆ Our students are eager to work! SEEM can find the right student for the job.
- ◆ Students can perform basic or entry-level tasks, freeing up highly trained employees to focus on more specialized duties.
- ◆ Students are available to work 4-20 hours a week, or as needed. Some may be eligible to work afterschool and weekends.

What is SEEM Collaborative?

- ◆ SEEM Collaborative provides individualized education services to students. It operates preK– High School programs within 10 member school districts.
- ◆ SEEM Students live within the member school districts, and throughout eastern Massachusetts.
- ◆ Students in SEEM’s middle and high school programs work on obtaining skills necessary for successful transitions into college and the workforce.

How Can You Participate in the Community Work Program?

- ◆ **Hire a student.** SEEM will offer consultation as necessary to enhance job performance. Employ two or more students with on-going job coaching.
- ◆ **Hire SEEM students for per-diem work.** Have an odd task to that needs to get done? Students have performed yard work, painting, mail preparation, and other duties, and are available on an as-needed basis.
- ◆ **Create a SEEM Internship.** Can you provide on-going work experiences for two or more students? SEEM can provide a steady flow of volunteers to get the job done!

What our Business Partners are Saying:

“Danvers Historical Society is extremely proud to partner with SEEM Collaborative. For more than seven years students and their job coaches have worked alongside with staff here in our Landscape Apprentice and Curatorial programs learning life skills. In return, the Society receives dedicated, hard working team players that help manage the never ending tasks involved in the preservation of our properties. It’s a win-win situation!”

Cathy Gareri
Operations Manager
Danvers Historical Society

“We here at Sunrise of Lynnfield value our partnership with the students and staff from SEEM Collaborative . The students perform their duties in an efficient and pleasant manner. Their kind hearts are a benefit to our residents and community in many ways. We all learn from each other.”

Priscilla Geaney
Activities and Volunteer Coordinator
Sunrise of Lynnfield

“T.H.E FARM is a volunteer run organization; working with the SEEM program has helped us gain volunteers and has helped students learn new skills and build confidence in a discipline that they may not have had the opportunity to do before .”

Ila Morrison
Barn Manager
T.H.E. FARM
